

Academic Programs

Science & Technology

New program:

- 1. Associate of Science Degree: Combined PHYS/MATH Emphasis**

Proposal Rationale

We propose a combined Physics and Mathematics Emphasis for the Associate of Science degree. Such an Emphasis will serve students intending to pursue a degree in Physics, which currently has no such specialization. This combined emphasis reinforces the strong link between Physics and Mathematics in a physical science degree.

Trades & Apprenticeship

Revised program:

- 1. Aircraft Maintenance Engineer Category 'S' (Structures)**

Proposal Rationale

We have reduced the number of hours in AVST 300 to 132, which reduces the overall program hours to 1062. This allows for 37 weeks of actual course time, which will meet the funding provided by Skilled Trades BC while also meeting the standard required by Transport Canada.

Academic Schedules

2023 – 2024 Academic Schedules

Approved by Operations Committee December 19, 2022

Tuition first instalment* and all fees due
Classes begin for Semester I
Statutory Holiday (no classes)
Statutory Holiday (no classes)
Statutory Holiday (no classes)
Statutory Holiday (no classes)
